

In Science we will be....

We will be investigating plants, finding out what they need to grow and stay healthy and observing how they grow and change from seed/bulb into a fully grown plant.

We will watch our outdoor space thrive as we take care of our flowering plants and seeds. We will photograph them and use our scientific language to comment on their progress.

In Art and DT we will be...

Focusing on the Spanish artist Miro, and using his work to inspire us to create our own art work. We will be exploring colour, pattern, texture and shape in our drawing and sculpture work.

We will also be designing and making fabric mats where we will learn to join materials and use tools.

In History and Geography we will be....

Thinking about Great Explorers, finding out about their lives and achievements. We will be particularly focusing on Robert Scott.

We will be focusing on Antarctica and comparing the geographical features of this location with where we live.

In Music this term we will be...

learning to play instruments and explore sounds to enhance story telling.

We will also be using our voices expressively in singing and chanting and listening to and discussing a range of high quality music.

Some children will be continuing with their violin lessons.

Year Two
Spring Term 2019

In PSHE this term we are thinking about..

Our family and friends, how we influence their emotions and how they influence ours.

In PE we will be... supported by a PE specialist whilst we learn about multi-skilled games such as cricket.

From Wed 9th Jan children will attend afternoon swimming lessons for 10 weeks.

In Computing this term we will be...Using cameras to take photos and learning how to safely research a topic on the internet.

In Phonics this term we will be...

revising our work on suffixes and how some root words change when they are added eg; hop—hopping. We will revisit some digraphs (such as ou) and long vowel arrangements (house) to ensure accurate spelling of words. Everyday we work on spelling in many ways.

In RE this term we will be...

thinking about stories and symbols and communities, with a focus on Sikhism.

In English this term we will be... continuing to work on handwriting, spelling, sentence structure, punctuation and grammar. Our written work will span all areas of the curriculum with a focus on poetry, stories with familiar settings and the artist, Joan Miro. Reading will continue to be of high priority

with new books of different genres being introduced weekly. Children will read at every opportunity, to themselves and out loud.

In Maths this term we will be... learning how to use what we already know to tackle problems using +, -, x and ÷. We will spend 4 weeks of working with multiplication and division. We continue on to investigate the properties of 2D and 3D shape and then finally spend time learning about fractions. This includes finding fractions of a length, shape, set of objects or quantity. Please see the front of the home / school communication book for specific learning outcomes in maths.
