

Eynesbury Church of England Primary School
Long Term Planning 2018/2019 – Year 3

	AUTUMN	SPRING	SUMMER
SCIENCE National Curriculum Objectives	<p><u>FORCES & MAGNETS</u> compare how things move on different surfaces notice that some forces need contact between two objects, but magnetic forces can act at a distance observe how magnets attract or repel each other and attract some materials and not others compare and group together a variety of everyday materials on the basis of whether they are attracted to a magnet, and identify some magnetic materials describe magnets as having two poles predict whether two magnets will attract or repel each other, depending on which poles are facing.</p> <p><u>ANIMALS INCLUDING HUMANS</u> identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat identify that humans and some other animals have skeletons and muscles for support, protection and movement.</p>	<p><u>ROCKS</u> compare and group together different kinds of rocks on the basis of their appearance and simple physical properties describe in simple terms how fossils are formed when things that have lived are trapped within rock recognise that soils are made from rocks and organic matter.</p>	<p><u>PLANTS</u> identify and describe the functions of different parts of flowering plants: roots, stem/trunk, leaves and flowers explore the requirements of plants for life and growth (air, light, water, nutrients from soil, and room to grow) and how they vary from plant to plant investigate the way in which water is transported within plants explore the part that flowers play in the life cycle of flowering plants, including pollination, seed formation and seed dispersal.</p> <p><u>LIGHT</u> recognise that they need light in order to see things and that dark is the absence of light notice that light is reflected from surfaces recognise that light from the sun can be dangerous and that there are ways to protect their eyes recognise that shadows are formed when the light from a light source is blocked by a solid object find patterns in the way that the size of shadows change.</p>
Additional Notes/Info eg additional skills covered, how this links into other subjects.			
HISTORY National Curriculum Objectives		<p><u>Ancient Egyptians</u> the achievements of the earliest civilizations – an overview of where and when the first civilizations appeared and a depth study Pupils should continue to develop a chronologically secure knowledge and understanding of British, local and world history, establishing clear narratives within and across the periods they study. They should note connections, contrasts and trends over time and develop the appropriate use of historical terms.</p>	<p><u>Stone Age to Iron Age</u></p> <ul style="list-style-type: none"> • Use evidence to ask questions and find answers to questions about the past. • Use a range of suitable sources of evidence for historical enquiries. • Use more than one source of evidence for historical enquiry (in order to gain a more accurate understanding of history). • Suggest causes of some of the main events and changes in history.

Eynesbury Church of England Primary School
Long Term Planning 2018/2019 – Year 3

		<p>They should construct informed responses that involve thoughtful selection and organisation of relevant historical information.</p> <p>They should understand how our knowledge of the past is constructed from a range of sources.</p>	<ul style="list-style-type: none"> • Use appropriate historical vocabulary to communicate, including: dates , time period , era, change , chronology. • Use literacy, numeracy and computing skills to a good standard in order to communicate information about the past. • Place events, artefacts and historical figures on a time line using dates. • Understand the concept of change over time. • Use dates and terms to describe events.
<p>Additional Notes/ Info eg additional skills covered, how this links into other subjects.</p>			<p>Literacy links – information writing about Stonehenge; Stone Age Boy book short unit</p>
<p>GEOGRAPHY National Curriculum Objectives</p>	<p>Europe Locational Knowledge locate the world’s countries, using maps to focus on Europe (including the location of Russia) concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; name and locate counties and cities of the United Kingdom Geographical Skills and Fieldwork use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied use fieldwork to OBSERVE, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies Place knowledge understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom and a region in a European country</p>		<p>Earthquakes and Volcanoes Locational Knowledge locate the world’s countries, using maps to focus on Europe (including the location of Russia) concentrating on their environmental regions, key physical and human characteristics, Geographical Skills and Fieldwork use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied use fieldwork to OBSERVE, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies</p>
<p>Additional Notes/ Info</p>	<p>Literacy – information leaflets about St Neots</p>

eg additional skills covered, how this links into other subjects.			
ART National Curriculum Objectives	Pointillism Still life and landscapes Create original pieces that are influenced by studies of others. Use a number of brush techniques using thick and thin brushes to produce textures, shapes, patterns and lines. Mix paint colours effectively.	Clay work - cartouches Use clay and other mouldable materials. Add materials to provide interesting detail. Shadow pictures (link to science unit on light) Use shading to show light and shadow.	Cave paintings in Lascaux. Paint – textures and colour mixing. Use a number of brush techniques using thick and thin brushes to produce textures, shapes, patterns and lines. Mix paint colours effectively. Printing linked to Easter (cross designs): Make printing blocks (e.g. from coiled string stuck to a block of heavy card / plywood)
Additional Notes/ Info eg additional skills covered, how this links into other subjects.	Link to Europe – French artists	Link to Ancient Egypt	Link to Stone Age – cave paintings Link to Easter – print making
DT National Curriculum Objectives			Picture Frames Develop a range of practical skills to create products (such as cutting, drilling and screwing, nailing, gluing, filing and sanding)
Additional Notes/ Info eg additional skills covered, how this links into other subjects.			
COMPUTING National Curriculum Objectives	Programming Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts. Use sequence, selection, and repetition in programs; work with variables and various forms of input and output. Use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs.	Word processing Skills Use technology safely, respectfully and responsibly. Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information. Internet research and communication Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content. Use technology safely, respectfully and responsibly;	Drawing and Desk-top publishing Use technology safely, respectfully and responsibly. Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information. Use technology purposefully to create, organise, store, manipulate and retrieve digital content. Presentation skills Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of
