

In **Science** we will be learning about rocks by

- comparing and grouping together different kinds of rocks on the basis of their appearance and simple physical properties
- describing in simple terms how fossils are formed when things that have lived are trapped within rock
- recognising that soils are made from rocks and organic matter.

In **Art and DT** we will be...

Designing clay pots to make sculptures similar to those found in ancient Egypt.

We will be cooking and eating some traditional Egyptian foods.

In **History and Geography** we will be....

Learning about the Ancient Egyptians. We will find out about:

- Why the river Nile was and is so important to Egyptians
- Egyptian rituals including mummification
- Egyptian food and drink

Learning about Mountains and Volcanoes

In **Music** this term we will be...

Thinking about the phrases in a song, and exploring how posture, breathing and diction are important when singing.

We will also be using instruments and copying a short piece of music, playing by ear.

In **MFL** this term we will be...

Learning French vocabulary linked to ourselves and family members, thinking about Mardi Gras and how birthdays are celebrated in France.

## Year Three Spring Term 2019

In **PSHE** this term we are thinking about..

Our own safety in a range of contexts.

We will also be thinking about keeping healthy and personal hygiene and why this is important.

In **RE** this term we will be...

Focusing on creation stories from around the world, including major world religions.

We will also complete some focused work on Easter, considering the question: Is Easter a festival of new life or sacrifice?

In **Computing** this term we will be...

- Improving our word processing skills using word
- Using Powerpoint to present information

In **PE** we will be... Swimming and outdoor /indoor problem solving and orienteering

In **English** this term we will be...

- Learning about apostrophes, commas, clauses, different tenses, paragraphs and inverted commas.
- Reading and writing fables and newspaper reports with some of this work linked to our topics.

- Writing kennings, haikus and tanka poems.

In **Maths** this term we will be...

- Looking further into multiplication and division (recalling and using x and ÷ facts, solving problems)
- Learning about time (telling, writing, estimating, recording and comparing)
- Working on fractions (recognising and using fractions as numbers, writing fractions, counting up and down in tenths)
