

**In Science** we will be....

Learning about Electricity, creating circuits and finding out about switches, conductors and insulators.

We will also be learning about materials; focusing on liquids, gases and solids and changes in state.

Through both these topics we will be making careful observations and asking and answering scientific questions.

**In History** we will be....

Learning about life and events during World War Two. We will be putting events into chronological order, investigating why there are different accounts about the event and learning about propaganda. We will also think about what it would have been like to be a child during the war.

Our visit to Stibbington will greatly support our learning in this area.

**In Art and DT** we will be...

Improving our sketching skills, focusing on the paintings of Van Gogh.

We will also be looking at British artists and the different styles of art they produce.

**In Music** this term we will be...

Working on rhythm patterns from music from different times and places. We will also be working on maintaining two or more different ostinato patterns in a small instrumental group against a steady beat. We will be developing singing and performing skills through preparing for our school Christmas performances.

**In MFL** this term we will be...

Continuing to build on our French vocabulary, learning through song, rhyme and practical activities with a focus on colours, days of the week and toys.

We will also be learning about schools in France and the traditions in France at Christmas time.

**Year Four**  
**Autumn Term 2018**

**In PSHE** this term we are thinking about..

Diversity and how this can have a positive impact on our lives.

We will also be thinking about how we treat others and how to prevent bullying.

**In RE** this term we will be...

Thinking about what sort of a world Jesus wanted and how Christians try to put that into practice.

We will also learn about the Five Pillars of Islam.

**In Computing** this term we will be...

Working with Scratch to improve our programming and debugging skills.

We will also be covering work on esafety, ensuring that children are continuing to develop their ability to stay safe online.

**In PE** we will be...

Doing units on gymnastics, dance, hockey and rugby.

**In English** this term we will be...

Reading and writing stories with an element of fantasy. We will cover work on creating atmosphere and describing settings. We will also be reading and writing poetry, learning about how to write persuasively (with a focus on persuasive letters), looking at some classic poetry and creating explanation texts. We will have regular guided reading and spelling sessions.

**In Maths** this term we will be...

Learning about place value in numbers with up to 4 digits. We will be adding and subtracting numbers with up to 4 digits. As well as this, we will be learning to recall and use multiplication and division facts for times tables up to 12x12. Finally, we will be learning about length and perimeter in measurement.
