

In Science we will be....

Focusing on Electricity and Light. We will be investigating voltage, and giving reasons for variations in component functions, such as the brightness of a bulb.

We will be looking at how light travels in a straight line and using this to explain reflections and how this relates directly to how we see

In Art and DT we will be...

Looking at the work of William Morris and replicating his style in various forms.

We will also be looking at Optical toys that were popular in the Victorian period and reproducing our own.

In History we will be focusing on The Victorians.

We will consider when the Victorian period was in relation to other periods of history, learn why Victoria's coronation was significant, describe and compare the life of different Victorians in society, research various inventors and learn about the expansion of the British Empire.

In Music this term we will be...

Develop singing and performance skills by learning songs from Archie Dobson's War. We will also learn songs in preparation for the school Christmas performances, including singing carols at Waterside Court.

In MFL this term we will be...

Recapping basic phrases, numbers and greetings.

We will also learn how to describe our families and homes.

Year Six

Autumn Term 2018

In PSHE this term we are thinking about..

Belonging (to different groups and places) and about keeping ourselves and others safe, this will include a focus on e-safety.

In Computing this term we will be...

Looking at e-safety in great detail and know how to be safe online. We will also be looking at how the internet is structured and will learn how web pages work.

In PE we will be...

Improving our skills through Tag Rugby, hockey and dance

In RE this term we will be...

Thinking about where and how people of different faiths worship. This will include a trip to Ely cathedral.

We will also consider how following God can bring freedom and justice.

In English this term we will be...

Reading a book called "The Dragon Machine" and will be doing various pieces of writing based on this. We will also be reading "Street Child" and will be learning to improve our writing of newspaper articles, diary entries, poetry and narrative through this book.

In Maths this term we will be...

Working on our knowledge of place value to deepen our understanding.

We will be working with numbers up to 10 000 000. We will be solving problems involving the four key operations (addition, subtraction, multiplication and division).

Later on in the term we will move on to fractions and geometry.
